

Job description

Net Application Developer (C#, ASP.NET) - PAN INDIA

Job Title: .Net Developer - C#, ASP.NET

Location: PAN INDIA

Experience: 3 to 5 years

Job Description:

Join Infosys in PAN INDIA, where we're transforming ideas into reality with .Net technologies. We are seeking a .Net Developer proficient in C# and ASP.NET to drive our projects to success.

Responsibilities:

Develop and maintain high-quality .Net applications using C# and ASP.NET MVC.

Design, build, and maintain efficient, reusable, and reliable code.

Ensure the performance, quality, and responsiveness of applications.

Collaborate with frontend developers and other team members to establish objectives and design more functional, cohesive codebases.

Required Skills:

2 - 15 years of experience in .Net development, with a focus on C# and ASP.NET.

Deep understanding of .Net Core, Web API, and Entity Framework.

Experience with Azure DevOps, Git, and Agile methodologies.

Knowledge of front-end technologies like JavaScript, HTML5, and CSS3 is beneficial.

Strong problem-solving skills and a proactive approach to learning.

Why Infosys?

Be part of innovative projects that shape the future of technology.

Enjoy a supportive, collaborative work environment.

Access to professional development resources and career advancement opportunities.

We value diversity and inclusivity, actively seeking to enhance our team with diverse perspectives.
